

Start at the stocks in the High Street. Please keep dogs on a lead in the Nature Reserve and take care when crossing the golf course. The walk may be muddy. Two stiles.

Problems with this walk? Please contact Jane Archer on walkinglane@googlemail.com

14. Reaching a lane, cross it and, using the stile or gate, go into a field.
 15. Cross the field diagonally towards a hedge with the church behind.
 16. Climb a stile, going round a big tree stump and keep on in the direction of the church to a bridge between two gates.
 17. Cross the bridge and the next field bearing slightly left to a gate beside a fence and house.
 18. Go through the gate to a road, turn right and continue to an alley behind and evergreen hedge.
 19. Turn left at the end of the alley and so back to the church and return to the stocks.
8. Go through gate into a wood and follow the path, at first straight ahead and then curving gently down to the right to another gate.
 9. Go through the gate and follow the path straight ahead and then to the right. You will have a fence and Tuckmill brook on your left. Keep straight ahead, ignoring a right turn.
 10. Near its end the path bears right to a gate. Go through the gate and turn right.
 11. Cross the golf course with care making for a bench by a telegraph pole.
 12. The footpath follows the telegraph poles (but you might find it easier to use the golf-course path rejoining the telegraph poles as soon as you can).
 13. Follow the poles past the club-house.

1. Walk up to the church and through the lych-gate; continue ahead with the church on your right. Path bears right through a pinch point.
2. Reaching a lane, turn left and keep straight ahead on track between trees.
3. Where track enters field, (see picture), keep ahead with hedge on your left.
4. Climb over the stile by the A420, turn right and then right again into a lane.
5. In about 3 mins, turn left and enter the Nature Reserve through a gate.
6. Bear left and follow the path as it crosses a bridge and bears right with a hedge on your left.
7. The path bears slightly to the right and downhill and then curves up slightly left. Beware badger sett here. You will see a gate ahead. Turn left before the gate.
