

SHRIVENHAM NEIGHBOURHOOD PLAN 2018-2031

BASIC CONDITIONS STATEMENT

Shrivenham Parish Council

July 2019

1 INTRODUCTION

The Shrivenham Neighbourhood Plan has been produced as a result of the Community Led Plan which was published in 2009 and which highlighted a number of issues that concerned Parishioners.

The way the village of Shrivenham grows and changes in the medium and long term is of interest to all. The Government's Localism Act of 2011 aims to give local communities the right to have a vital say in how their area is developed and the Act's implementation led to Shrivenham Parish Council setting up a Steering Group of Councillors and other volunteers/residents to produce a Neighbourhood Development Plan.

Initially established in 2015 the Shrivenham Neighbourhood Development Plan (SNDP) Steering Group has been working steadily to determine the needs, concerns and aspirations of our residents. The number of new homes under construction in Shrivenham was determined before the start of this process. Sites being developed are a combination of the strategic sites outlined in the *Vale of White Horse District Council's Local Plan - Part 1* and several additional speculative developments that were passed on appeal. For this reason the Neighbourhood Plan has decided to produce a non-allocating plan with policies that will shape the nature of new developments and the inevitable changes to the village that result from them.

This Neighbourhood Plan covers important issues such as the viability of the village centre; parking and transport; the future of schools and schooling; health resources; both built, natural and historic environments and provision of leisure and recreational facilities. In drawing up our proposals we have done our utmost to consider the welfare of the village and its people.

We have based our evidence on historical sources such as the 2009 Village Plan and 2011 Housing Needs Assessment and held a number of public meetings, exhibitions and interviews and consultations with residents, as well as asking them to undertake surveys, including an updated version of a Housing Needs Assessment. We have also obtained a grant which enabled us to commission a Village Character Assessment and a Landscape Character Assessment.

Our objective: *To understand and manage change in Shrivenham so that those who live here now, and those who come after us, will continue to recognise, retain and subscribe to its strong sense of community, derived from a clear sense of common identity based on place, people and community purpose.*

Our mission: *to acknowledge the national need and obligation to grow while providing the means to continue to fulfil our vision by-*

- Setting out a clear statement of what we have now and how it came to be
- Identifying local, national and supranational changes which we expect to occur between now and 2031 and evaluating their likely effect on Shrivenham
- Endeavouring to anticipate and analyse what will be required of future developments to best meet the needs of those who will live and work in Shrivenham in years to come.

2 LEGAL REQUIREMENTS

This Basic Conditions Statement has been produced to explain how the Shrivenham Neighbourhood Plan (SNP) has been prepared in accordance with Section 15 of the Neighbourhood Planning (General) Regulations 2012 (as amended).

The Statement addresses each of the five ‘basic conditions’ required of the Regulations and explains how the submitted Neighbourhood Plan meets the requirements of Paragraph 8(2) of Schedule 4B to the 1990 Town and Country Planning Act.

The Regulations state that a Neighbourhood Plan will be considered to have met the basic conditions if:

- I. Having regard to national policies and advice contained in guidance issued by the Secretary of State, it is appropriate to make the neighbourhood development plan;
- II. The making of the neighbourhood plan contributes to the achievement of sustainable development;
- III. The making of the neighbourhood plan is in general conformity with the strategic policies contained in the development plan for the area of the local authority, in this case the Vale of White Horse District Council;
- IV. The making of the neighbourhood plan does not breach, and is otherwise compatible with, EU obligations;
- V. Prescribed conditions are met in relation to the Neighbourhood Development Plan and prescribed matters have been complied with, in connection with the proposal for the Neighbourhood Development Plan.

Supporting Documents and Evidence

The Shrivenham Neighbourhood Plan and its supplementary evidence documents are supported by a Consultation Statement and this Basic Conditions Statement.

Key Statements

Shrivenham Parish Council is a qualifying body and entitled to submit a Neighbourhood Plan. The Shrivenham Neighbourhood Plan expresses policies that relate to the development and use of land, only within the designated neighbourhood plan area.

The neighbourhood plan area is contiguous with the parish boundaries, excluding the area within the Defence Academy, as shown in the map accompanying the neighbourhood area designation. See figure 1.

The Shrivenham Neighbourhood Plan covers the period from 2019 to 2031. This aligns with the dates of the Vale of White Horse District Council Local Plan(s) stated period.

The Neighbourhood Plan does not deal with excluded development such as County matters (mineral extraction and waste development), nationally significant infrastructure, or any other matters set out in Section 61K of the Town and Country Planning Act 1990 (as amended).

The Shrevenham Neighbourhood Plan does not relate to more than one neighbourhood area. It is solely related to the area of Shrevenham as designated by the Vale of the White Horse District Council on 21st November 2015. There are no other neighbourhood plans in place for the Shrevenham area.

4 CONTRIBUTION TOWARDS SUSTAINABLE DEVELOPMENT

Paragraph 7 of the NPPF2019 states that ‘the purpose of the planning system is to contribute to the achievement of sustainable development’ which is summarised as ‘meeting the needs of the present without compromising the ability of future generations to meet their own needs’.

Paragraphs 8 of the NPPF 2019 states that there are three overarching objectives to sustainable development: economic, social and environmental. This neighbourhood plan comprises a local balance of these objectives.

The social goals are to maintain a thriving community within Shrivenham, recognizing that the community and its needs change over time. This Neighbourhood plan seeks to achieve this by providing a supply of housing to meet the community’s current and future needs, and by creating a high quality built environment, with local services that are accessible to all ages and abilities, reflecting the community’s needs, supporting it’s health and social well-being.

The economic goals are to conserve and enhance the existing commercial and employment opportunities within Shrevenham, and if possible to encourage commercial diversity, especially in the High Street. It seeks to achieve this by supporting the development of a competitive and responsive local economy by growth, innovation and a positive approach to development requirements.

The environmental goals are to protect the environment and ensure that any development recognizes this in its design, landscaping and access. It seeks to achieve this through its policies on design, housing and landscape by contributing to conserving and enhancing that natural, built and historic environment. It seeks to help improve sustainability by mitigating the impact on biodiversity with policies regarding green infrastructure.

5 GENERAL CONFORMITY WITH THE STRATEGIC POLICIES OF THE DEVELOPMENT PLAN

The Development Plan currently consists of The Vale of White Horse District Council Local Plan Part 1 2011-2031 (LPP1) and saved policies from the Vale of White Horse Local Plan 2011. The Vale of White Horse Local Plan Part 2 (LPP2) is, at the time of writing, unadopted. Strategic policies from LPP2 have been referenced to indicate conformity.

The policies of the SNP are shown in table 3 below, with a statement to outline general conformity with the strategic policies of the Development Plan. Any Development Plan policy that is not identified in table 3 is not considered to be relevant to the SNP because the SNP does not have any policies that directly relate to it.

For clarification, text in black refers to LPP1 policies, text in blue refers to the emerging LPP2 policies, text in red refers to saved policies 2011.

6 COMPATIBILITY WITH EU OBLIGATIONS AND LEGISLATION

The Shrivenham Neighbourhood Plan has regard to the fundamental rights and freedoms guaranteed under the European Convention on Human Rights and complies with the Human Rights Act, 1998.

The Parish Council submitted a formal screening request regarding the need for a Strategic Environmental Assessment (SEA) and a Habitats Regulation Assessment (HRA) of the draft Neighbourhood Plan on 19th February 2019. On 19th July 2019 the District Council issued a Screening Statement confirming that neither an SEA or Appropriate Assessment were required. It is therefore considered that the making of the Shrivenham Neighbourhood Plan is not likely to have significant effect on a European site (as defined in the Conservation of Habitats and Specials Regulations 2012) or a European offshore marine site (as defined in the Offshore Marine Conservation (Natural Habitats, &c.) Regulations 2007) either alone or in combination with other plans or projects.

7 CONCLUSION

The basic conditions as set out in Schedule 4B of the Town and Country Planning Act 1990 (as amended) and Regulation 32 of the Neighbourhood Planning (General) Regulations 2012 (as amended) are considered to be met by the Shrivenham Neighbourhood Plan and all the policies therein. It is therefore respectfully suggested to the Examiner that the Shrivenham Neighbourhood Plan complies with Paragraph 8(1)(a) of Schedule 4B of the 1990 act.
