Shrivenham
Parish Council

Report Name	Speedwatch
Submitted by	Councillor Pearson
Date	2nd November 2026

Report
We ran 11 sessions in total on 7 sites, all with a 20mph limit. The weather was unhelpful at times, making sessions at times impossible. 407 vehicles were reported to TVP, with a maximum speed of 42mph reported. We now have 12 members on the team; 2 members having left. One of the leavers had done more than 400*1-hour sessions in the last 4 years and will be sorely missed. We need some new members in the team. The team are a pleasant group of individuals. It is an excellent opportunity to do something for the village. In the month of October we contributed 11% of the total TVP area input.
